Answer Me.

As we move to, new times, are you concerned about, do you care at all
The story behind, all these false heroes, for the wrong reasons, they hear the money call
As I consider, all I believe, all that i stand for, I wont let it go
Times might change, but we don't have to, still feel the same, still screaming no

So fast to talk, with nothing to say, to me
You left before, now you're here to stay, we'll see
Steal the words, that now mean nothing, just lies
Worthless phrases, we can see it in your eyes

Do as you say, not as you do, Answer, Answer Me
Watch your sincerity, slipping away, Answer, Answer Me
The Promises made, suddenly broken, Not Us we will not fade
we made the choice, nothing left for us to say, We Trust it's the right way
Answer Me.....

Not This Time.

seen to many good men go down
just keep your eyes closed don't make a sound
in a moment it will be gone
the threat has passed, but the struggle's still on

not this time
not waiting in line

while others fail at the top
the higher we go the harder to stop
eyes closed arms folded they want us to fall
all gave some, some gave all

we are not a commodity
just let us go and you'll see

it's time to stand up
don't look around
it's up to you
it's in your hands
what are you gonna do

while others fail at the top
the higher we go the harder to stop
eyes closed arms folded they want us to fall
all gave some, some gave all
for you, for me , for us

You Say.

You say it's not my choice, but who are you to dull my voice
brought up to think on my own, if you leave, i'll stand alone
You say i turned my back, just for taking a different track
ill be there, when it starts, i'll still feel it in my heart

Your silence won't protect you
your future is in your hands
the ability to try something new
make a difference, make a personal stand

i know i could be wrong, it's my mistake, i'll carry on
there's no reason to get all tough, i'm fed up, i've had enough
there's no reason for physical violence, you can't beat me into
silence
i will say what i feel is right, it's my opinion, not a reason to fight

what ever happened to personal choice?
why can't i change my mind?
why must i ask to raise my voice?
why do you care what i do with my time?

it's time to change the way think, it's time to change the way we act
it's time we changed the way we perceive others for thinking for
themselves
it's time we start thinking for ourselves
you owe it to yourself

Limitations.

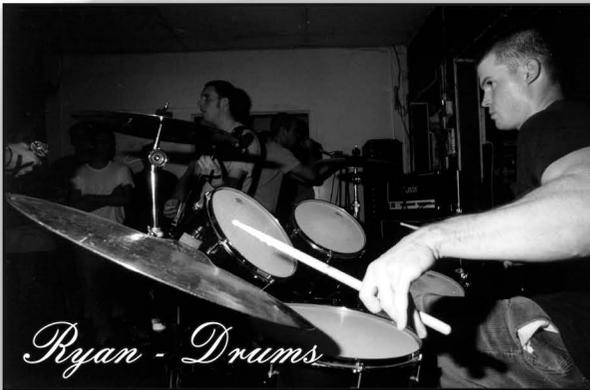

Just another kid secluded, left in the corner
unnoticed, unspoken, forgotten
alienated from the people
who he could care less for
he made the choice, he made the move
ran for the door

Contradiction from dependence
making sure that this time you notice me
my addiction for acceptance
and yes it's time that i break free

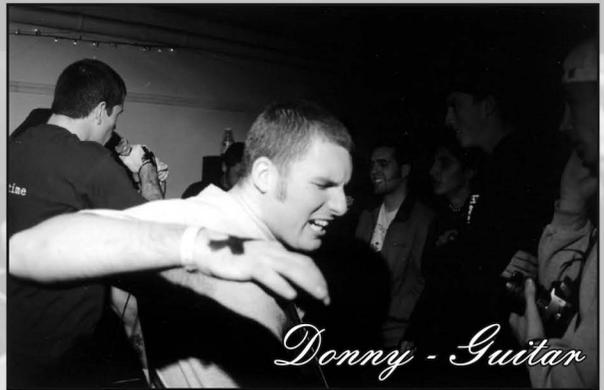

from all these limits i put on myself
so sick of wondering why not me
and yes i realize i must do it all alone
and yes it's time i must do it on my own

fighting against myself
most don't see a problem
wishing i was someone else
hoping to get the job done
running away from you
trying to dodge myself
nothing that i can do

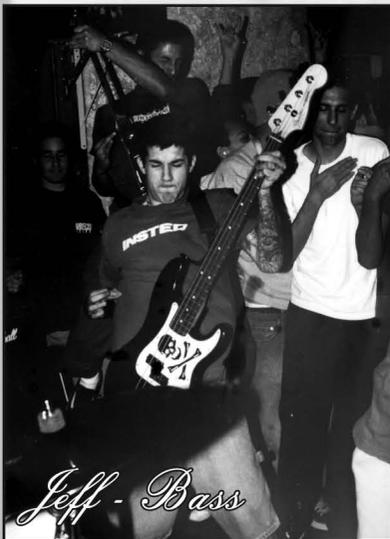

you don't get the point of what i said
talk about yourself, disregard the group
try as you may, don't wind up dead
do all you can to get the eyes on you
